Once you close the tab, you will be taken back to the “Explore” Tab

Helpful Tips

When setting up your MetaMask Wallet, make sure to **properly document your seedphrase** and make sure you have a secure password to access your account, and please make sure it is something you can remember.

Store your seedphrase in a safe place where no one can access it.

DO NOT STORE YOUR SEEDPHRASE OR PASSWORD DIGITALLY.

Write it down and keep it in a secure location like a safe or a locked drawer or cabinet.
